Do you have an email or contact for Regie -- or whomever is "on call" with IT? My work phone crashed and I want to restore data and settings. But I do not have the pw to the MOS calendar. Do you have it - can you get it, please. Thanks

Sure thing! The password is:

password redacted

O's are zeros and I's are ones (1)

I would like to meet withe team tomorrow at noon. Topics, budget (with focus on SPD and \$100 mm for new community investments), revenue and key policy initiatives. And comms on all.

Strongly prefer folks attend in person, unless health/family make that not feasible.

Please confirm if this works -- if not at noon then at another hour (for an hour) tomorrow.

We can cancel the videotaping for tomorrow, unless it is critical. On Tuesday take down Sawant and maybe STBD presser.

My phone is not working, so I cannot read official email unless at my computer. So if you need me -- text.

Thanks.

Hey guys - I made some changes to the schedule. I had set some things over the weekend but because my phone crashed they did not take on the master calendar. I did not get the chance to discuss them. Sorry about that. I hope the new time works for 911 call.
